

Beach Blanket (99-09058)

Gold Medal – Australian Rose of the Year

Tough-as-nails groundcover roses now have a new leader in Beach Blanket™. This true compact shrub is a fancy-free, no-maintenance groundcover rose that establishes a bold, bright, fun foundation for the garden. Beach Blanket™ sparkles with endless waves of color against super extra glossy foliage throughout the summer. The disease resistance of this foliage has to be experienced to be believed. No tall canes, no boisterous thorny bits hanging out to snag unsuspecting fur or flesh, tidy well behaved and ever so suited for the “instant” cheerful result that puts a smile on everyone’s dial. Grow Beach Blanket in a balcony or patio pot in lots of sun or trim the rural driveway to spectacular effect. Great for hanging baskets and poolside plantings too!
